Harper Serves 10-Years, Banished to Tuscany

February marks ten years of Judy Harper's loyal and dedicated service to Adventure Canada. Re-joining the work force after raising two (usually) wonderful children, Judy joined the AC team to assist with client services and reservations.

Over the past decade Judy has not only become a favourite with AC clients but our very own office mom, making sure that the driveway has been shoveled, we all have eaten our lunch and brushed our teeth before we go out in public. If we had beds here she probably would have tucked us in! Her enthusiasm for AC and genuine love of her clients is infectious and she leads through example in providing top care for our travellers. We congratulate Judy for putting up with all of us for as long as she has.

To celebrate her anniversary, Judy will be joined by her husband David in Tuscany this April. Judy many thanks for all of your contributions and hard work over the past ten years, we hope to see you for another ten!
