A Report from Africa

Adventure Canada has just completed it's first voyage to Africa, and what a journey it was! Aboard our 12-passenger Cessna Caravan, we left Jo-Berg and in the first few days we saw the "Big 5" - the rhino, leopard, lion, buffalo and elephant at our first camp, Mala Mala. The sightings would continue with everything from cheetahs, wildebeest, hyenas, hippos and baboons making an appearance.

Highlights included: a flight over Victoria Falls and the Okavango Delta in helicopters; showering outside, overlooking herds of zebra; sundowners in the Land Rovers; sitting among a herd of cape buffalo; elephants joining us for lunch... too much to list!

There will be an evolving photo library available on our site, make sure to check it out!

We're thinking "Same time next year?" Let us know if you're interested!
